

# The IBM Modeler Users Group

The IBM Modeler Users Group (IMUG) was formed in July, 2005, to facilitate the sharing of information, knowledge, and experience between users of the WBI Modeler, WBI Workbench, and WBI Workbench Server. Interactions and experiences with the related WBI technology will be welcome to provide the complete continuous process improvement view to our members.

## Our Charter

IMUG has been formed on behalf and for the benefit of users of the IBM WBI Modeler tool. This forum will allow the free exchange of ideas and experiences among the participating users. All versions of the WBI Modeler under IBM support will be open for discussion.

### *Deliverables*

- More experienced users will share and receive information on applying WBI Modeler towards accomplishing business results. This will validate the approaches taken and will improve the confidence of the practitioner and their management in the value provided relative to their peers.
- Less experienced users will be able to ask about specific techniques to support their initiatives and will be able to understand the steps needed to evolve the use of WBI Modeler from the tactical to the strategic.
- New users will be welcomed to a support community and have the ability to better understand the application and benefits of WBI Modeler.
- All users will be able to apply the best practices that result from this interaction.
- All users will be able to benefit from the creation of prioritized requirements for improved functionality during future releases of WBI Modeler.

## Update Your Schedule

Our meetings are being held on the third Tuesday of every month at 2:00 pm Eastern Time. The meetings are hosted on **webex™**. Call in information will be distributed prior to the meeting.

IMUG facilitation is provided by EmeriCon, LLC, an IBM Business Partner specializing in business transformation and integration. Please register to begin receiving meeting announcements. Register by sending your contact information to:

**IBM Modeler Users Group – [IMUG@EmeriCon.com](mailto:IMUG@EmeriCon.com)**

A web page in support of IMUG is under construction and will be announced when ready.

**Please join us in this shared journey towards Business Process Management!!**
